Diagrams Made Easy. Draw a flowchart, org chart, UML, ERD, network diagram, wireframe, BPMN, and other diagrams.

Gliffy Diagrams is a whole new kind of Chrome App that EVEN WORKS OFFLINE!

Now anyone can create professional-looking diagrams and flowcharts quickly and easily. Include them in Google Docs, presentations, slides or web pages.

FEATURES:

- Easy to use interface built with HTML5
- Hundreds of industry standard shapes, arrows and icons
- Snap-to-grid, drawing guides, shape alignment and distribution tools
- Drag & drop your images onto the canvas
- Export diagrams as PNG (great for forums & social)
- Shape libraries for software development, UML, diagrams, ERD diagrams, schematics.
